

What could you do
in 60 seconds...

From need, to idea, to you.

From the inventor...

"The bitterness of poor quality lingers long after the sweetness of a cheap price is forgotten."

Author unknown

"As a product designer, I vowed to resist the temptation to make products the cheapest way possible but rather make them the best way possible. This in hopes that the discriminating buyer would appreciate my efforts and embrace my product – along with its cost – thus supporting my belief that everything, including quality or lack of it, has its own price.

Thank you for considering the Tow-N-Stow convertible trailer. It is my sincere desire to provide you with the very best trade for your hard-earned money, so that it may serve you faithfully for many years to come. I have designed and built it first to meet my own needs and expectations. My goal is that it might also exceed yours."

Sincerely,

Arnie Wolfe
Tow-N-Stow inventor

Got a minute? That's all it takes...

to go from trailer...

Smart solution
for towing
and storage.

to storage unit.

The right tool for the job. It makes a big difference in getting something done quickly and easily. If you've ever helped someone move furniture, wanted to bring a load of mulch home or even tried to transport one 4' x 8' sheet of plywood with your car or SUV, you know how invaluable a trailer or pickup truck can be.

Tow-N-Stow to the rescue! Whether you have hauling needs once a year or once a week, **Tow-N-Stow** is the smart solution.

**Haul it.
Store it.
Use it
year-round!**

From trailer
to storage
unit in less
than 60
seconds!

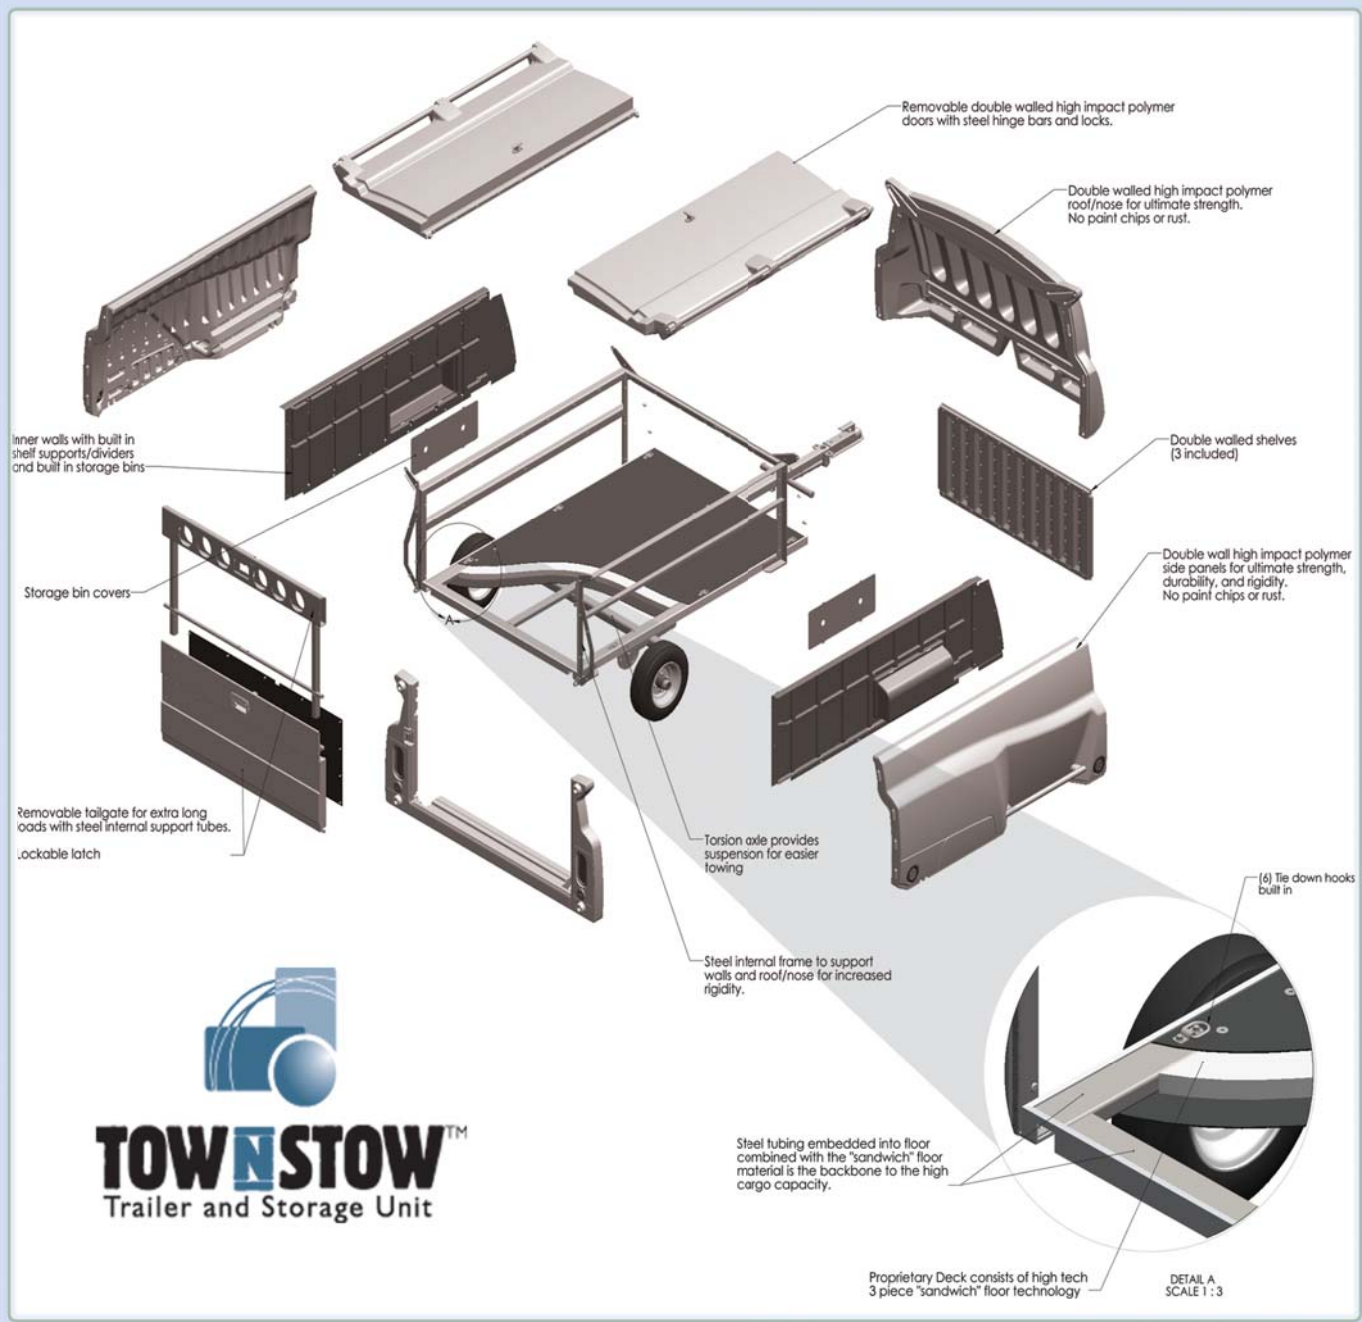

Saves Fuel - it can be hauled by small vehicles as compared to large, conventional SUVs and trucks.

Saves landfill space - plastic body contains 7% post-consumer material reclaimed from water bottles and recycled products. Body is 100% recyclable.

www.TOW-N-STOW.com

Weighs about 500 pounds.
Haul up to 1,000 pounds.
Tow with virtually any vehicle.
Easy to hitch. Easy to load. Easy to clean.
Removable tailgate lowers to allow long loads or use of ramps.
Fully open deck allows for extra-wide loads.
Key-locking doors and tailgate.
Ideal for residential areas where a traditional trailer isn't practical.

Converts to storage unit in less than one minute!
Tilt upright, retract wheel assembly and fold in the tow bar. Done.
Perfect for yards or garages.
Optional shelving system allows for multiple storage choices and variations.
Attractive. Weatherproof. Lockable. Secure.
Helps you gain valuable storage space - instead of using it up.
Versatility saves time and money.
Produced entirely in the USA.
